

Yowie is proud to support the Wildlife Conservation Society (WCS) through our corporate partnership. WCS is a non-profit organization that saves wildlife and wild places worldwide through science, conservation action, education, and inspiring people to value nature. Its Global Conservation Program conducts field conservation projects in nearly 60 countries and the world’s oceans. WCS protects regions that are home to more than 50 percent of the world’s biodiversity, including elephants, tigers, penguins, whales, sharks, turtles, and more.

For each chocolate sold in the USA from Yowie’s Series 4 product line, Yowie will donate a portion of the net proceeds to WCS as outlined below. WCS is not responsible for the design or manufacture of these products.
