YOWIE GROUP ANNOUNCE PURCHASE OF SECOND HIGH SPEED WRAPPING MACHINE

Yowie Group Ltd (the “**Company**” or “**Yowie**”) is pleased to announce the placement of an order for a second high speed confectionery foil wrapping machine. The technically advanced, state of the art wrapping machine purchased out of Germany has been design specified to include additional functioning to accommodate the robotic components of the Yowie confectionery manufacturing process.

The machine is expected to be available for delivery into the St Augustine Florida manufacturing facility in September 2014 and to be fully commissioned and ready for production by October 2014.

A second wrapping machine will allow for Yowie Group to double production output at the Florida based manufacturing facility.

The purchase of a second machine is in line with Yowie Group Ltd’s planned growth strategy and is in support of the company’s commitment to becoming a successful global brand company.

Yours sincerely
