YOWIE GROUP ANNOUNCES PURCHASE OF AN ADDITIONAL HIGH SPEED WRAPPING MACHINE

Yowie Group Ltd (ASX: YOW, OTC ADR: YWRPY) (the "Group" or "Yowie") is pleased to announce the placement of an order for an additional high speed confectionery foil wrapping machine. The technically advanced, state of the art wrapping machine purchased out of Germany has been design specified to include additional functionality to accommodate the robotic components of the Yowie confectionery manufacturing process at the new Madelaine plant.

The machine is expected to be available for delivery into the New York based manufacturing facility in October 2016 and to be fully commissioned and ready for production by November 2016.

An additional wrapping machine will allow for Yowie Group to double production output to 40 million units per annum at the new manufacturing facility.

The company has proceeded with the purchase of an additional wrapper as a timing precaution to ensure manufacturing continuity can be assured as it awaits outcome of a challenge to the Florida court ruling in relation to a company owned wrapper by its previous manufacturer.

The purchase of the additional machine is in line with Yowie Group Ltd.'s planned growth strategy and market expansion objectives in its pursuit to becoming a successful global brand company.

Yours sincerely
